DIAMOND FOLDING DOOR

Durable European rolling hardware

The folding door system designed for the Canadian climate

- Solid 2" ¼ thick ponderosa pine panels
- Sturdy hardware for safety
- Superior performance against air and water infiltration

OPTIONS

- Choice of 15 stain colours
- Thick extruded aluminum cladding
- Tilt-turn active door
- Factory installed *Phantom Distinction* retractable screens

Choice of 15 exceptional stain colours

Our colour chart offers 15 beautiful shades to enhance the richness of our wood. The stain is applied in the factory before assembly to provide the most durable and attractive finishes possible. A clear varnish is also applied to ensure a long-lasting shine. Your wood windows and doors can have a high quality finish that will complement the best wood furniture in your home.
