

SERIES 700

HUNG & SLIDER WINDOW SYSTEMS

A window design for all ages - hung and slider styles have long graced the walls of traditional homes such as Cape Cod, Georgian and Colonial. The simplest, most versatile and economical choice, yet versatile enough to accommodate upscale residential to light commercial applications

Interlocking sash with steel reinforcing

Solid meeting rail with lock-tight bracket system to ensure long term ease of locking and unlocking

Low profile tilt latches for easy cleaning access

Multiple gasket and seal system

Simple screen removal with interior pull tabs

Durable coil balance system for smooth hung-window operation

Single-hung

bottom slides up and down and tilts-in - strong meeting rail - fixed top

Double-hung

both top and bottom sashes slide up and down and tilt-in for easy cleaning

Single-slider

single slide glides back and forth - strong meeting rail - fixed side

Double-slider

both sashes roll back and forth and tilt-in for easy cleaning

Fixed

compliments slider and hung profiles for consistent sight-lines
